Our Mission

Educate

Provide educational enrichment in activities in math, science, language and technology in a safe, nurturing environment.

Inspire

Provide social and cultural enrichment through field trips, motivational guest speakers that will inspire students to excel.

We believe each student will soar to greater heights when equipped with strong values, strong minds, a solid foundation, and supportive network.

Dentistry, & Friends.

*SOAR is a fun,
comprehensive,
summer academic
enrichment program
for the curious child
in 1st -8th grade.*

- *We utilize a holistic approach meeting the intellectual, physical and social needs of students.*
- *We believe children should have fun, laugh, and be excited about learning.*
- *We assist our students in realizing their intellectual, emotional, creative, social, and physical potential by offering a comprehensive program. We are vested in developing our children to be independent, critical thinkers and life-long learners.*
